

Agronomist – Farmers Cooperative

Farmers Cooperative is seeking interested candidates for an agronomist within their Ames/Drummond location.

A successful candidate must be able to provide accurate knowledge and reliable referrals to growers, helping them achieve efficient crop production. Day to day activities include but are not limited to: field checks; insect, weed and disease monitoring; customer consultations; consultations for yield and acreage increases; assisting in managing and delivering stock to growers; soil sampling and other responsibilities as assigned by management. The candidate must have the ability to cultivate new relationships and have an extreme attention to detail.

Qualified candidates must have a B.S. degree in Agronomy, Plant & Soil Science, General Ag or other related fields. Interested applicants can submit their resumes to careers@okagcoop.org
ATTN: Farmers Cooperative.
